

# G UNLIMITED

Thank you for nominating me for the Unsung Hero Award. I have been blessed to have so many people around me that believe in me for years, that it has fueled my fire to do something special in this lifetime. I have to admit it is not difficult at all for me help others in need for I remember very vividly what it feels like to be in need of help. I will never forget where I come from and where God has taken me. This year alone, my team and I have been fortunate enough to hold two very successful fundraisers, the first for the Hull family and another for the Katy autism support group. We also have a holiday festival planned for the Katy area that will benefit Katy Christian ministries as well as a few other groups and a little boy with cancer that needs our help. This is just the beginning of years of me asking everyone to pull together to help all people from all walks of life and all situations!

Sincerely,

Jake Gottfried
