

Peavy's Garage has been a staple in the Katy area since 1970. Since 1970, their commitment to quality has meant valuing people, listening closely, communicating effectively, responding to problems quickly and building relationships with customers, generation after generation.

Built on Christian values, Ken Peavy not only runs an honest business but has been active in the community form many years. This year alone Ken, along with his spokesperson (or should I say spokesdog) Chopper (a German Shepherd) has been involved in several community fundraisers.

Currently they (Him and Chopper) is working on collecting 250 bags of food for the Katy Christian Ministry to help with their food drive during the holiday season. He has and continues to support several other charities in the Katy community. Earlier in the year they hosted a fundraiser to help bring attention to pet abuse. He has been listed as Katy's best Auto Repair and Oil-Lube center by the Katy Sun.

At Peavy's Garage you can be sure that his Christian values and honesty is transferred to his staff. Ken is easily accessible and will always work to solve any issues in a manner that will leave the customer walking away knowing that they care about you.
